

Climatech

Fiberglass-reinforced threshold

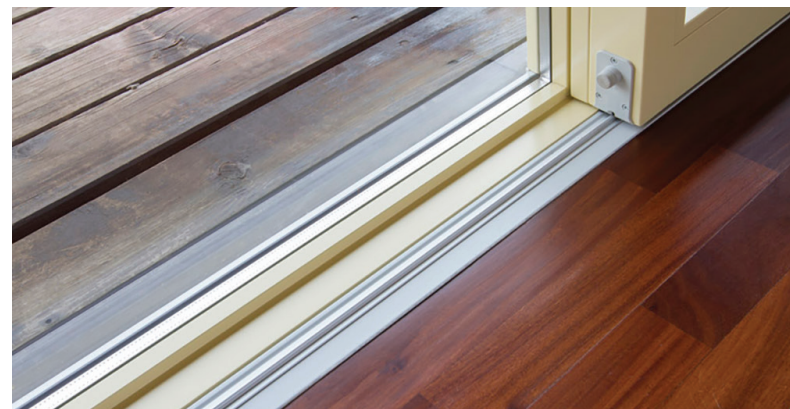

FUNCTIONAL
FENESTRATION INC.

Thermal resistant, scratch resistant threshold

Climatech by AGB for sliding door openings.

This fiberglass-reinforced composite material threshold ensures excellent strength, insulation and scratch resistance.

Features

- ▶ Climatech provides optimal thermal protection all the way across the composite material
- ▶ Supports sliding and fixed panels
- ▶ Length: 6 meters standard
- ▶ Track has 5mm diameter
- ▶ Threshold in Anthracite Grey RAL 7016 standard, Grey RAL 7035 available as special order
- ▶ Compatible interlock available for 68mm, 78mm and 92mm thick panels

For a complete solution for optimal thermal performance and to prevent water infiltration Combine FFI's Climatech Threshold, Uni-V Interlock and Welded Corner Gasket.
