Stainless Steel
top-hung
sliding door hardware

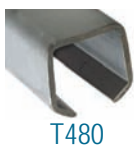

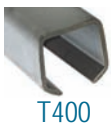

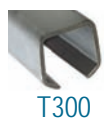

**new lower prices
on stainless steel track**

FFI has reduced costs and improved efficiencies, and is passing the savings on to you.

FFI Catalog pages: D-7 to D-13

Applications	exterior doors and shutters, room dividers, barn doors, industrial doors, screens & more.
Only from FFI	stainless steel carriages and track in 8', 12' and 20' lengths.
SST Track	stainless steel (316-L marine grade), Made-in-USA, uniquely shaped, self-cleaning track.
SST Carriages	stainless steel (316-L marine grade) chassis with stainless steel ball bearings.
Superior Wheels	unique PETP plastic wheels are quiet, strong, UV-resistant, corrosion-resistant, and durable.
Carriage Options	options include stainless steel wheels, 4-wheel-drive, and bi-fold carriages.
Capacity	for doors up to 1,300 lbs. (600 kg).
Tested	products are tested to Class 6 standards of 100,000 cycle testing.

SST systems	door weight	FFI catalog page	stock
T250	up to 80 lbs	D-7	stock
T300	81 - 165 lbs	D-8	stock
T400	166 - 352 lbs	D-9	stock
T480	353 - 660 lbs	D-10	stock
T400/T480 bifold	up to 450 lbs	D-11	special order
T560	661 - 1300 lbs	D-12	special order

note: for special order items, limited stock is often on hand.

For a complete SST system, order:

1. track - in a choice of lengths
 2. two carriages per panel
 3. two carrying brackets per panel
 4. track stops
 5. floor guide
 6. wall or ceiling brackets
- (see www.fenestration.net catalog for part numbers and recommendations)

No Flat Spots

The advanced plastic formula in FFI's PETP wheels is highly stable and won't develop flat spots; nylon wheels on other brands develop flat spots over time.

Optional SST Track Finishes

Brushed finish

Polished finish
