

ARTech Multipoint

For swinging windows

Features

- For in-swing or out-swing windows including casement, awning and hopper windows
- For single or double (French) sashes
- Sash types: wood, wood/aluminum clad, fiberglass or vinyl (PVC)
- Function - one handle activates multiple lock points
- Locks with 2-point shootbolts or corner drives, and removable cams
- AGB window multipoint bottom terminals have a reversing gear
- Air gap for cam strikes: 4mm flush-mount or 12mm surface-mount
- 7mm spindle hub for DK or multipoint handles

Benefits

- Choice of many backsets: 15, 25, 30, 35, 40, 45, 50mm
- Finish salt-spray tested to 2000+ hours corrosion resistance (AGB Activeage used on all ARTech hardware)
- Optional mushroom cams are vertically adjustable, and provide high strength for security and hurricane or other testing
- ARTech gears are also usable for many window designs: tilt turn, tilt-only, turn-only and sidelites
- Modular gear assemblies for simple and flexible inventory: drive rods and Monobloc gear boxes are sold separately

Activeage
Active hi-protection finish

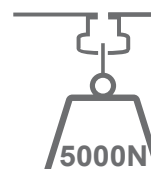

High corrosion resistance including high salt or high humidity environments.

Residential

Commercial

Mushroom cams
5000N resistance to breaking

Visit fenestration.net for complete multipoint window systems
