GreenteQ Clearspan Bi-Fold for Aluminum Doors

- Compatible Profiles** Visofold 1000, Reynaers, and others
- System Materials** Aluminum, zinc, and steel
- Weight Capacity** 120kg panels
- Warranty** 10 years

Advantages

- Smooth operation
- Bottom roller system (rather than top roller)
- Clean lines & elegant profiles with slimline hardware
- Vertical adjustment on roller assemblies (5mm)

Characteristics: GreenteQ Clearspan Bi-Fold

- Profile-specific designs
- Corrosion testing: Class 5 (480 hours)
- Passed performance testing for air, wind and water
- Bottom hinges with rollers & brushes
- Half-sets for even-panel configurations
- Compatible Clearline and Alpha handles
- Three finishes: black, white & anthracite grey
- Lock for main door employs tapered hooks, bolts & cams
- Magnetic catches hold sashes together in open position
- 90° restrictor prevents damage to door or wall

Applications

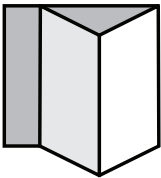

For Bi-fold door systems: compatible aluminum profiles include Visofold 1000, Reynaers, and more.
