

Interlock Drainage Kit

For Lift Slide & Multi-Slide Doors

For environments which require water drainage solutions.

SL405.02.KIT

Interlock Drainage Kit

The Patent Pending Interlock Drainage Kit is a flexible solution to divert water from the interlocks of your sliding door panels.

Exclusive features only from FFI

- Fast and easy installation
- Provides both interior and exterior drainage
- Durable, corrosion resistant Class I anodized aluminum
- Multiple output ports for 1/2" tubing for fast drainage
- Reticulated foam filter keeps debris out of drainage lines
- One-year FFI warranty against manufacturing defects on all FASTrack components

Applications

- For use with FFI FASTrack systems
- Compatible with many in-floor track systems and interlocks
