Interlock Drainage Kit
For Lift Slide & Multi-Slide Doors

For environments which require water drainage solutions.

The Patent Pending Interlock Drainage Kit is a flexible solution to divert water from the interlocks of your sliding door panels.

Exclusive features only from FFI
- Fast and easy installation
- Provides both interior and exterior drainage
- Durable and corrosion resistant Class I anodized aluminum
- Multiple output ports for ½" tubing for fast drainage
- Reticulated foam filter keeps debris out of drainage lines
- One-year FFI warranty against manufacturing defects on all FASTrack components

Applications
- For use with FFI FASTrack systems
- Compatible with many in-floor track systems and interlocks
