

LS600.00.622
Modera

LS610.03.690
Classic

LS620.00.748
Sierra

Features & Benefits

- Solid brass lift slide door handles in 5 finishes
- Modera handles with modern squared plates and pulls
- Classic and Sierra handles with traditional arched plates and pulls
- Stainless Steel 304 spindle, pre-marked for easy cutting
- Excellent handle-to-chassis fit
- Positive feedback in open and closed positions (feel the click)
- Fool-proof handle alignments with handle insertion guard
- Removable handle plates streamlined for slimmer pocketing profile
- Same milling profile as LS100 and LS300 for easy replacement
- Double handle sets, including removable double handle option

Applications

- Compatible with lift slide door gears with 10mm spindle hub
- Gears with 27.5 or 37.5mm backsets
- Door thickness up to 106mm (gear centered in stile)

FFI Warranty

- 5 Years against manufacturing defects
- Limited lifetime warranty for PVD Satin Nickel (SN) and Polished Brass (POL) finishes; effectively 10 years against corrosion failure; PVD finish is recommended for coastal applications.
- 1 Year warranty against corrosion failure for Oil-Rubbed Brass (ORB), Black (BLK) and Dark Bronze (PDB) powder-coated finishes.

Available with or without cylinder cutout for euro-style cylinder

Minimal Door Gap

2.5mm thick plates allow for minimal door gaps. Flush installation is also possible for maximum clearance.
